Ex-Im Bank cover/support for private sector transactions is typically limited to transactions with a commercial bank as obligor or guarantor. Ex-Im Bank will consider transactions without a bank undertaking on a case-by-case basis. Regarding the latter, Ex-Im Bank may consider corporate entities that are able to provide detailed financial information sufficient to enable Ex-Im Bank to reach a credit conclusion. Such information should include financial statements audited by an affiliate of an international accounting firm and prepared in accordance with International Financial Reporting Standards (IFRS), and the statements should reflect material bank borrowings. As conditions pursuant to which we may consider non-bank transactions vary in markets subject to this note, please contact the Credit Policy Division for further information.

Coverage under the WCGP for private sector transactions requires that the transaction be supported by an irrevocable Letter of Credit. Exceptions may be made for private sector transactions that are insured for comprehensive political and commercial risk.
