Renewable energy
Feed-in tariff program

Ontario Launches Comprehensive System of Feed-in Tariffs

* September 24, 2009

Enabled by the *Green Energy and Green Economy Act, 2009* which was passed into law on May 14, 2009. The Ontario Power Authority is responsible for implementing the program.

System Type	System Size	FIT Price* (C\$/kWh)
Any Type (Micro)	≤ 10 kW	0.802
Rooftop	$>10 \leq 250$ kW	0.713
Rooftop	$> 250 \leq 500$ kW	0.635
Rooftop	> 500 kW	0.539
Ground Mounted	$\leq 10,000$ kW	0.443

* 20 year Fit Contract. No escalation

Secure Medium and Long Term Financing for Our Customers

- Leased Rooftop Structure - AGT Energy Mgmt owns the system & rents roof space
- Capital Investment (self managed) - Customer is building owner & owns the system
- Capital Investment (managed by AGT Energy Mgmt) – Shared ownership of system between AGT Energy Mgmt & building owner
