Note # 14 has been removed from the CLS.

In addition, the word “guarantees” in the first paragraph of Note # 13 has been replaced with the word “support”. The new Note # 13 will read as follows:

Where the CLS indicates support is not available, Ex-Im Bank can still consider financing arrangements that eliminate or externalize country risks. Potentially acceptable transactions include structured transactions that earn revenues offshore in a country with no CLS restrictions and are held in a bank or trust account acceptable to Ex-Im Bank; third-party support from creditworthy entities in countries with no CLS restriction; and asset-backed lease and financing structures involving equipment such as aircraft.

In addition, coverage under the WCGP may be available for a transaction that is supported by an irrevocable Letter of Credit issued by a bank, and/or due from a Buyer, located in a country where Ex-Im Bank is open without restrictions for short-term transactions.
